

Uninsured Services and Fees - 2024

Services Not Covered By OHIP

There are services that you may request from your doctor that are not considered medically necessary by Ontario Health Insurance Plan (OHIP) and are therefore not paid by OHIP. These services, such as: insurance forms, legal letters, sick notes, cosmetic medical procedures, etc., are called “*non-insured or uninsured services*”. Dr. Marszal will charge for uninsured services in accordance with the fees guidelines set by the Ontario Medical Association (OMA) and the College of Physicians and Surgeons of Ontario (CPSO).

All uninsured services must be paid in full when rendered. A receipt will be provided upon settlement of the account. Please be advised that, currently, our office only accepts cash or cheque for these services.
